

Experience the traditional Okawa Kumiko craftwork and the charm of the local cuisine in the woodworking city of Okawa (Dinner included)

©福岡県観光連盟

On this tour, you can experience the woodworking and food culture of Okawa, a city that flourished due to its proximity to the Ariake Sea and the Chikugo River (the tour is available in both English and Chinese guidance). Admire the lift bridge, the symbol of the city, while experiencing the landscapes of the Ariake Sea and Chikugo River, and the history of woodworking. Afterwards, we will explore the Kobo and Enokizu areas, the birthplace of Okawa woodworking, where the old townscape still remains. Only on this tour you'll be able to enjoy the profound charm of Kumiko woodworking, and experience it by crafting an authentic Kumiko lampshade, learning from a local artisan. At the end of our tour, you will enjoy a dinner prepared with plenty of blessings from Okawa and the Ariake Sea. The dinner is held at a storehouse on the grounds of the former Yoshiwara Family Residence, a national important cultural property located in the Kobo/Enokizu area. Enjoy the flavor of Okawa, where ingredients from the sea, river, and land co-exist, in a fantastic space surrounded by Kumiko folding screens illuminated by lights.

Crafting Kumiko (wooden lattice) lampshades

In this tour, you can participate in a workshop to create a special wooden lattice lampshade crafted specifically for this tour. The artisan guiding you is a professional who has also worked on lattice designs for JR Kyushu's "Nanatsuboshi in Kyushu." The lampshade you create will be placed in a dedicated paulownia box for you to take home!

Kobo/ Enokizu Townscape Guided Tour

Explore the medieval townscapes of Kobo/ Enokizu with a knowledgeable guide (English and Chinese are available). These areas have preserved their historical charm, and you'll discover the unique wooden architecture and intricate carvings on temples that reflects the town's origins as a port town with a rich history in shipbuilding and woodworking.

Dinner Featuring the Blessings of Okawa and the Ariake Sea

On the tour on January 13th, enjoy a special dinner in the lattice box, prepared by a local Okawa chef. On the tour on January 14th, experience a pairing dinner prepared by a French chef from Tokyo. Both dinners are set up exclusively for this tour and will be served in the illuminated storehouse. Great opportunity to savor local cuisine, including naturally sourced eel, seafood and agricultural produce from Okawa and Ariake Sea.
